**The competition will be split into a long and short wool category for judging purposes.**

The Sheep & Wool committee will be collecting data from each property such as bloodline, lambing months, lambing percentage and shearing date. This information will be received two weeks prior to the show and will be on display for judges, entrants and the general public.

The pen of three hoggets will be judged on fleece weight, body weight, conformation and pen evenness. We encourage all entrants to attend a free AWI farmers Breakfast on Sunday morning, all welcome.

The aim of the Ewe Hogget competition is to promote the different blood lines and styles of sheep in the local area. The pen will consist of 3 ewe hoggets from the property to be judged against other locals. The sheep will be shorn on Sunday 1st October. The fleece will then be weighed and together with micron data the figures will be on display. These elements combined with other key figures will determine a winning pen.
